HENRY REPLIED TO EX-GOV. COLQUITT

Attempted to "Throw Dust" in People's Eyes About Mexico—"Cottons Up to Standpat Republicans."

Washington, Jan. 19.—Former Governor Colquitt's reply to Representative Henry's remarks on the floor of the house last week reached Washington Tuesday and called forth a rejoinder from the Waco congressman. Mr. Henry said:

"I have just carefully read former Governor Colquitt's reply. He promptly resorted to what is technically known as a plea of 'confession and avoidance.'"

"He thus admits the charges that really condemn him and tries to justify his course as governor against Mexico. Instead of endeavoring to pick a quarrel with the administration, the country will think he should have cooperated with Wilson as Ferguson is now doing. The president was patriotic and was and is trying to keep out of war and deserves the former governor's support."

"It is evident that Mr. Colquitt in his interview, having made a wholesale indictment against the power at Washington, is now trying to 'throw dust' in the people's eyes about Mexico while he 'cottons up' to the standpat Republicans. This is his usual ruse, but the intent is transparent. It is interesting to note that he completely dodges the issues and runs away from the inexcusable charges against the Democratic party put in the mouths of standpat Republicans by his deplorable holiday Houston interview."

ARCHITECTURAL EDUCATIONAL CAMPAIGN

State Department of Agriculture Making Campaign—Speakers in This Community.

Austin, Tex., Jan. 17.—Editor Eagle: To "get results" for the farmer this department must have the active co-operation of and establish the closest possible relations with the actual farmers and women of the farm homes of the state.

This can be secured only through community organizations. To this end, and for the purpose of organizing local institutes, D. C. Dove, representing this department, will lecture at the following places on the dates and the hours stated below:

Mexia, Jan. 31, 3 p. m.
Groesbeck, Feb. 1, 3 p. m.
Thornton, Feb. 2, 3 p. m.
Kosse, Feb. 3, 3 p. m.
Bremont, Feb. 4, 3 p. m.
Calvert, Feb. 5, 7:30 p. m.
Hearne, Feb. 7, 3 p. m.
Franklin, Feb. 8, 3 p. m.
Bryan, Feb. 9, 3 p. m.
Wellborn, Feb. 10, 3 p. m.
Millican, Feb. 11, 3 p. m.
Navasota, Feb. 12, 7:30 p. m.

I extend an invitation to the general public, farmers especially, to hear the discussion of such topics as organization, improvement of farm conditions, diversification, crop rotation, co-operative marketing and the like. Urge especially the attendance of the ladies.

Will you kindly lend the state of Texas your aid in securing a good attendance at these meetings? Yours very truly, FRED W. DAVIS, Commissioner.

[By Associated Press.]
Washington, Jan. 19.—A heated discussion over the Mexican situation featured the first meeting today of the senate foreign relations committee, the committee adjourning before undertaking any action on intervention resolutions or sending troops to aid Carranza to maintain order. Senator Borah has decided to canvass the senate on what support would be given to consider an intervention proposal should the committee fail to act on the resolutions.

PREPARED LAND FOR FALL.

There is no set rule which can be laid down regarding the preparation of land for seeding fall crops that will prove best in all cases. Generally there is likely to be a scarcity of moisture in the soil in the fall, but this is not always the case. The best rule, therefore, is the one that fits the largest number of cases.

For instance, if land has been well broken in the spring, or in the summer for some late spring or summer legume, the best preparation for oats or wheat to be sown in the fall will usually be a thorough breaking instead of rebreaking. This is not because disking is of itself better than plowing, but because disking will generally conserve the soil moisture better.

If there be abundant moisture, that is, if the fall be a wet one, the plowing may be better, but as no one can foretell the kind of weather in advance and our falls are generally dry, it is a better general rule not to break the land for fall-seeded crops provided the land can be put in good condition with the disk harrow. Even when there is a considerable growth of vegetable matter on the land the disk may be used for preparing the seed bed. If this vegetable matter is cut up well and left on the surface or near it, probably the best conditions are obtained for saving moisture and getting a stand of fall-seeded grain.—The Progressive Farmer.

EULOGIZED HUERTA ATTACKED WILSON

Senator Lippitt Had an Editorial Reading Praising Huerta, Condemning Wilson.

[By Associated Press.]
Washington, Jan. 19.—Mexico came up in the senate again Tuesday when Senator Lippitt, Republican, had the clerk read an editorial attacking President Wilson and eulogizing the late General Huerta. The reading had not proceeded far when Senator Myers, Democrat, interrupted it.

"I object to the further reading of this editorial," he declared. "I think that it is entirely improper for the senate to put itself in a position of criticizing the president of the United States in eulogy of a man characterized as a cutthroat and a usurper." "The senator is entirely right," declared Chairman Stone of the foreign relations committee. "While it is probably true that some newspaper writers can state the attitude of some senators better than they themselves can state it, I hope in the future we will not have more of this thing attempted or done. I shall object."

By viva voce vote further reading of the editorial was denied.
